Before we proceed

Do you like animals ?

Which is your favourite animal ?

What does it eat ?

Where does it live ?

There are many different kinds of animals in the world. Some animals are big. Some are small.

Write **S** for small and **B** for big animals.

Horse Ant Tiger Parrot Whale Elephant Monkey Mouse Snake **Teacher's Tip**

Encourage students to observe animals close to them such as pet dogs and cats, cows and birds, find out their needs and usefulness.

Many animals live in jungles. These animals are called *wild animals*.

Lion

Deer

Zebra

Some animals live with us and help us in many ways. These animals are called *domestic animals*.

Cow gives us milk.

Sheep gives us wool.

Dog guards our home.

Different animals live in different places. Some animals live on land.

Can you name three animals that live on land ?

◆

◆

◆

Some animals live on trees.

Monkey

Squirrel

Some animals live in water.

Octopus

Fish

Jellyfish

Birds are also animals. Most birds can fly. They have wings which help them to fly.

Parrot

Pigeon

Sparrow

FACTUM
*Peacock is
our National
Bird.*

Insects are small animals. They have six legs. Some of them have wings and can fly.

Ant

Mosquito

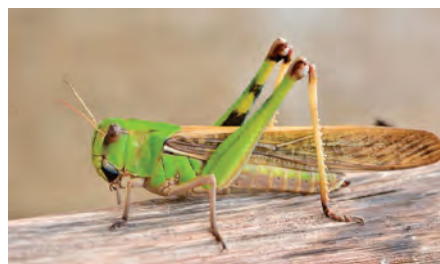

Butterfly

Cockroach

Honeybee

Grasshopper

Housefly

I now know ...

- ◆ There are many different kinds of animals in the world.
- ◆ Wild animals live in jungles.
- ◆ Domestic animals help us in many ways.
- ◆ Different animals live in different places.
- ◆ Most birds can fly.
- ◆ We should take care of our domestic and pet animals.

Think And Answer

A. Tick (✓) the correct option.

- Which one is a big animal ?
a. Mouse b. Ant c. Elephant
