LESSON

Before we proceed

Read and enjoy this poem.

Where are you going ?
 To the grocer's shop.
 How will you get there ?
 With a skip and a hop.
 What will you buy there ?
 A piece of cheese.
 May I come with you ?
 Yes; if you please.

People who live near our house are called *neighbours*. Neighbours care for each other. The surroundings where we live make our neighbourhood.

Teacher's Tip

Explain the concept of neighbourhood to the students. Let each student list the places in her/his neighbourhood and visit them.

Is there a park near your house ?

Does your neighbourhood have more bungalows or flats ?

Do you have a market near your house ?

There are many places in our neighbourhood. They provide useful services.

◆ We go to a *market* to buy things for our daily needs.

◆ We go to a *park* to play.

- ◆ We go to a *bank* to keep or take out money.
- ◆ We phone a *fire station* when there is a fire in the neighbourhood.
- ◆ We go to a *hospital* when we are sick.
- ◆ We go to a *post office* to buy stamps and postcards.
- ◆ We go to a *police station* when there is a theft.

People in a neighbourhood help one another.

Good neighbours care for each other.

They also have a lot of fun with each other.

Neighbours celebrate festivals together.

They play together.

Name three festivals you celebrate with your neighbours.

- ◆

We must help our neighbours to keep our neighbourhood clean.

I now know ...

- ◆ People who live near our house are called neighbours.
- ◆ The surroundings where we live make our neighbourhood.
- ◆ There are many places in our neighbourhood which provide us useful services.
- ◆ People in a neighbourhood help one another.
- ◆ We must help our neighbours to keep our neighbourhood clean.
